

HF Sinclair – Effective 5/1/23 contractors entering the Tulsa HF Sinclair refinery sites must have HF Sinclair’s Site Specific CBT training code 19HFTRSO and HF Sinclair’s Contractor Orientation training code 19HFSCO. This will be in addition to the need for Basic Orientation Plus, codes 26BOP (Classroom) or 26BOPR (CBT Refresher).

Other HollyFrontier sites in Cheyenne, WY; Artesia, NM; Salt Lake City, UT; El Dorado, KS have their own site specific courses.

Sites in Cheyenne, WY and El Dorado, KS additionally have ALKY units and there are additional specific training courses for those locations.

After required contractor trg courses are complete, security at HF Sinclair locations will guide contract workers to obtain a HF Sinclair site badge in order to gain access to their premises.

Training for Tulsa HF Sinclair contractors plus all other HF Sinclair locations may be taken at any of our Oklahoma training sites. Click link to see course schedules and to register for classes or to create an account.
